

## Playing a SMIL Video

When the SMIL video screen first appears, Click the **Play Button** to start playing the video.

Buttons, activation steps, and a Troubleshooting note are included below.

Depending on which version of Real you are using, the screen may look different. The current version is shown in smaller scale due to space constraints.

**Play Video**

Click the **Play Button**.

**Pause Video**

Click the **Pause Button**.  
Click the **Play Button** to resume playing, or the **Stop Button** to end the video.

**Stop Video**

Click the **Pause Button**.  
Click the **Stop Button** to end the video.

**Rewind/Fast Forward**

Click the **Pause Button**.  
Place your cursor on the **Slider Bar** and move it left or right.  
Click the **Play Button**.

**Troubleshooting**

If the video stops playing on its own, it may be trying to connect to UST's server, or you may have lost your Internet connection.

If a **rebuffering** note appears here, the video will begin playing on its own when it reconnects. If you lose your connection, dial up again and Click the **Play Button** to resume playing the video.
